Why we go skiing with Voyager School Ski

How many times have you run this trip?

"I've run this trip 3 times with Voyager and 10 times with other providers."

What are the objectives of the trip?

"To have fun, teambuilding and developing interaction with others. The ski trip is also designed to engender independence, as well as developing a new skill of course."

What were the best aspects of the trip?

"Watching the students develop not only their ski skills, but also their social skills was brilliant. We mix the year groups up as ski groups are based on proficiency, not age. Students learn new, life-long skills and whilst the trip is expensive, we think it is value for money."

"The Voyager rep was also brilliant and one of the reasons why we book with you."

What did your colleagues say about the trip?

"Those who have been before love it. However, this year there were two 'newbies' who found it hard work at times."

Why did you choose to travel with Voyager School Ski?

"For the choice of resorts on offer, the professional service and level of support provided from start to finish, plus the dedicated rep throughout."

What was the highlight of the trip?

"On the 5th day we had glorious sunshine and everyone (including the beginners) made it to the top of the mountain."

What about the accommodation?

"It was our first time to the hotel and the Hechenmoos was excellent. All the rooms were en-suite, the location was good and the food was great with lots of it. The hotel staff were amazing and really helpful, plus it had meeting areas and a bar for students to buy drinks and snacks."
